Department of Electrical Engineering

PostDoc position

The Image Video system (IVY) lab at KAIST is seeking a full PostDoc position in image/video analysis area. This is a one-year appointment, renewable subject to satisfactory performance up to 5 years (possible to change position to research professor with high performance).

We seek candidates with strong expertise in one of the following areas: Face biometrics, Facial expression recognition, Image/video processing with deep learning, Image signal processing (sparse coding related), Image/video analysis with machine Learning.

Qualification:

- ✓ PhD in Electrical and Electronic Engineering, Computer Science, or related areas

- ✓ Strong hands on experience

- ✓ Applicants have the ability to work independently and to co-work with researchers in IVY Lab.

- ✓ Excellent English writing and oral communication skills are required.

Interested applicants may send your application including the following to Prof. Yong Man Ro (ymro@kaist.ac.kr)

- ✓   - A cover letter indicating the candidate's research interests and achievements

- ✓   - Detailed curriculum vitae

- ✓   - List of publications

- ✓   - Contact of referees

Review of applications will continue until the position is filled.　Only shortlisted candidates will be notified.
